

Tennessee Parent Involvement Standards

The Overton County School System agrees to implement the Tennessee Standards listed below, which are based on the PTA's National Standards for Family-School Partnerships. These standards were adopted by the State Board of Education on July 30, 2010.

Standard 1: Welcoming all families into the school community- Families are active participants in the life of the school, and feel welcomed, valued, and connected to each other, to school staff, and to what students are learning and doing in class and school.

Standard 2: Communicating Effectively- Families and school staff are engaged in regular, meaningful communication about student learning.

Standard 3: Supporting student success- Families and school staff continuously work together to support students' learning and healthy development both at home and at school, and have regular opportunities to strengthen their knowledge and skills to do so effectively.

Standard 4: Speaking up for every child- Families are informed and enabled to be advocates for their own and other children, to ensure that students are treated fairly and have access to learning opportunities that will support their success.

Standard 5: Sharing power- Families and school staff are equal partners with equal representation in decisions that affect students and families and together inform, influence, and create policies, practices, and programs.

Standard 6: Collaborating with community- Families and school staff work together with community members to connect students, families, and staff to expanded learning opportunities, community services, and civic participation.
